

# COMMENTS TO LEFT SIDE OF NEWS LETTER PAGE

We are excited to provide you with our latest [Leatherback Turtle News](#). Our newsletter has been a long time in development. Thanks to Liz Logan, it is now a reality.

We plan to publish each edition at least 2 times a year; maybe more - by e-mail. Positive and productive comments are welcome as are any inputs for Articles.

Any suggested article should be with clear .jpg photos at 300 ppi and word count less than 500.

Send to us at e-mail address: [info-saveourleatherbacks@earthlink.net](mailto:info-saveourleatherbacks@earthlink.net)

[LEATHERBACK TURTLE NEWS](#)

**Posted on this page is our latest Leatherback News Letter. This year we might publish three editions as the news about the Leatherbacks is developing at speeds, often faster than we can report. This edition is one example. We put the News Letter to “bed” on September 10. Then Disney revealed their recognition of the Environmental Heroes for 2010 on September 15. Our close friend, Samber of Papua, Indonesia was among six selected this year.**

**The recognition of Samber is more than exciting enough to stop the presses and re-issue. Disney has accepted S.O.L.O. nominations for their Environmental Heroes each year for the past three years. We do have special people “out there” helping us. To have Disney agree and accept our nominations is MORE than a thrill. This recognition provides added motivations to take that extra step in conservation each time.**

**Samber, our good friend, we are doubly PROUD of you!!!**
